MCCORMICKCO SECURITY NOW CIS SECURESUITE® PRODUCT VENDOR MEMBER

MCCORMICKCO SECURITY HAS JOINED THE CENTER FOR INTERNET SECURITY INC. (CIS®) AS A CIS SECURESUITE PRODUCT VENDOR MEMBER. MEMBERSHIP ALLOWS PRODUCT VENDORS THE RIGHT TO INTEGRATE THE CIS BENCHMARKS™ AND THE CIS CONTROLS® CONTENT INTO THEIR SECURITY PRODUCT AND SERVICE OFFERING(S).

CIS Benchmarks and the CIS Controls are globally recognized standard best practices for securing IT systems and data against the most pervasive cyber-attacks.

"We are delighted to be joining the CIS SecureSuite and working with the CIS team to further collaboration and innovation within Cyber Security"

"We welcome McCormickCo Security as a CIS SecureSuite Product Vendor Member, and look forward to helping them get their product(s) CIS Certified," said Curtis Dukes, CIS Executive Vice President of Security Best Practices & Automation Group.

CIS Product Vendor Members receive unlimited access to all CIS SecureSuite Membership resources, including CIS Benchmarks and CIS Controls, and may use the resources in consulting engagements with external customers.

About CIS
The Center for Internet Security, Inc. (CIS®) makes the connected world a safer place for people, businesses, and governments through our core competencies of collaboration and innovation. We are a community-driven nonprofit, responsible for the CIS Controls® and CIS Benchmarks™, globally recognized best practices for securing IT systems and data. We lead a global community of IT professionals to continuously evolve these standards and provide products and services to proactively safeguard against emerging threats. Our CIS Hardened Images® provide secure, on-demand, scalable computing environments in the cloud. CIS is home to the Multi-State Information Sharing and Analysis Center® (MS-ISAC®), the trusted resource for cyber threat prevention, protection, response, and recovery for U.S. State, Local, Tribal, and Territorial government entities, and the Elections Infrastructure Information Sharing and Analysis Center® (EI-ISAC®), which supports the rapidly changing cybersecurity needs of U.S. elections offices.
